Travel Advisory

- Persons arriving in California from other states or countries, including returning California residents, should practice **self-quarantine** for 14 days after arrival. These persons should limit their interactions to their immediate household. This recommendation does not apply to individuals who cross state or country borders for **essential travel**.
- Californians are encouraged to stay home or in their region and avoid **non-essential travel** to other states or countries. Avoiding travel can reduce the risk of virus transmission and bringing the virus back to California.
