# McFarland High School School Accountability Report Card Reported Using Data from the 2017-18 School Year <br> Published During 2018-19 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2018-19)

## School Description

Established in 1928, McFarland High School is part of the McFarland School District located in the small rural community of McFarland with a population of approximately 15,000 . The City of McFarland's new motto is "Tradition. Unity. Excellence". The majority of employment in the community is in agriculture production in almonds, grapes, oranges, roses, cotton, or dairy cattle. Despite the agricultural basis for most employment, the mobility rate remains low which creates a relatively stable community. However, with a high percentage of non-English speaking families, with many experiencing extreme poverty, and in light of its geographic isolation devoid of resources and services, McFarland's challenges continues. Of the approximately 3,500 TK - 12th grade students enrolled in the McFarland Unified School District, 928 students attend McFarland High School. The school's ethnic diversity consists of $98.49 \%$ Hispanic and $1.51 \%$ others with $100 \%$ able to participate in the free lunch program. In addition, $19.72 \%$ of these students are currently labeled as English Language Learners; the school places an emphasis on accommodating limited English speaking students by offering three levels of ELD classes in the Academy Program. The high school also offers innovative programs such as AVID, a strong agricultural program, an AP program, and Dual Enrollment opportunities through a partnership with Bakersfield College for Career Technical Pathways.

## McFarland High School's Vision and Mission

The vision of McFarland High School, since its inception in 1928, has always been to create and foster an environment of optimal, parent-supported, student academic achievement and personal development. The school motto reflects this with,"Opening doorways to new opportunities: college and beyond."

MHS COUGARS are:

C - Committed to be career and college ready
O- Organized for success
U-Utilizers of the most up-to-date technology

G - Goal-setters who are adept in achieving any objective

A - Achievers of rigorous \& elevated academic, cultured, \& personal standards

R - Respectful and Responsible to ourselves and our society

## S - Successful citizens who are ready to contribute positively to our community

The mission of McFarland High School is to accelerate student performance through great teaching and learning, and to provide each student with the optimal academic, artistic, athletic, and social opportunities to ensure that learning takes place through effective allocation of available resources. In order to provide a quality education to the students of McFarland, McFarland High School emphasizes

## 21st Century Skills

- Collaboration
- Communication
- Critical Thinking
- Creativity

Then focus on the following areas while on campus:

- A positive learning environment
- Student achievement in reading, writing, and math
- Parental involvement in student progress
- Respect and appreciation for each individual
- Intellectual, physical, and emotional growth
- Academic and social development
- Goal oriented focus - preparing for a meaningful, productive future
- Positive self-image through awareness and adoption of healthy lifestyles
- High standards of personal integrity and responsibility

WASC Accreditation Goals:

1) Promote Literacy Skills: Focus on Reading and Writing
2) Make Learning Accessible: Restructure Course Offerings
3) Develop a Goal Mindset: Ensure College and Career Readiness
4) McFarland High School staff will develop and implement a cross-curricular project-based learning model that incorporates the Career Technical Education courses.

MHS Motto:
"Opening doorways to new opportunities: college and beyond"

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

## General

The facilities at McFarland High School are clean, safe, functional, and maintained in good repair as determined by the Office of Public School Construction. To assist in this effort, the district uses the facility survey instrument developed by that office. The results of these surveys are available at the school office. In addition every year, inspectors make scheduled and unscheduled visits to our school to check for compliance as per the Williams settlement legislation. The facility report is on file in the office

Planned Improvements

Adding 1-Portable buildings to the West parking lot for the schools expansion to incorporate the Career Technical Education Pathways that are planned at McFarland High School.

## School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven

| Subject | Percent of Students Meeting or Exceeding the State Standards <br> (grades 3-8 and 11) |  |  |  |  |  |

| Mathematics <br> (grades 3-8 and 11) | 17.0 | 15.0 | 19.0 | 19.0 | 37.0 | 38.0 |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016-17 and 2017-18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the $2018-19$ school year. The CAA for Science was pilot-tested for two years (i.e., 2016-17 and 2017-18) and the CAA for Science will be field-tested in 2018-19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## School Safety Plan (School Year 2018-19)

In order to ensure the safety of students and staff, the school safety committee annually reviews the site safety plan using the Standardizes Emergency Management System (SEMS) and National Incident Management System (NIMS) plans as guidelines. The updated plan includes newly designated emergency exit and staging areas now that the two story-building and stadium construction projects are complete. The areas covered in the Safe School Plan include district and site communication systems, school site personnel duties and responsibilities, composition and role of the crisis intervention team, site communication procedures, pupil release and evacuation procedures, parental notification and responsibilities, and specific emergency/disaster procedures. Local emergency agencies including the McFarland Police Department and the Kern County Fire Department have access to the school/campus map, emergency exits, and fire alarm system. Flip charts referencing emergency procedures are located in each classroom throughout the school which allows quick access to emergency routines and procedures. As per California Education Code, the school regularly conducts fire drills as well as other drills. McFarland High School participates in the annual earthquake drill, the Great California Shakeout, in October.

McFarland High School's staff, administration, and students feel our campus is safe, orderly, friendly and as a result, enhances learning. The administration, counselors, teachers, and the staff make contact with parents regarding discipline, attendance, and studentrelated concerns. One campus supervisor and one Student Affairs Specialist assists administrators and staff in monitoring the safety of our campus, investigations, and security of our school site.

## Professional Development (Most Recent Three Years)

McFarland High School is committed to offering professional development opportunities for teachers and staff. The district and the site coordinate efforts to provide staff development. Every Tuesday, McFarland High School has a minimum day to allow for staff meetings with time devoted to WASC (Midterm Self-Study WASC year), Common Core State Standards Standards Alignment, Teaching Strategies, English Language Development Strategies, Student Data Analysis, California Technical Education, and Staff Development. The school works closely with district coaches for Technology, Math, and English to find tune the pacing and curriculum's. In addition, teacher professional developments are in place to increase student engagement where at McFarland High School we aspire for all students to become life-long learners with intrinsic motivation for positive growth. Additional teacher-to-teacher training have been offered for new staff. There has been an increase of webinar trainings being offered to staff on a weekly to bi-weekly basis. These training are min the areas of curriculum, classroom management, and technology implementation. Therefore, daily instruction constantly engages all students, that inspires curiosity, critical thinking, and classroom involvement through collaborative, creative, and relevant learning.
