2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

McFarland Junior High School purchases state adopted curriculum and provides students with the most up to date CA CCSS adopted curriculum in core and intervention classes. This school year, all students at MJHS have been issued their own personal Chromebook for use with their curriculum. All workbooks or course students books are provided for each student to take home for homework and a classroom set is used for classroom instruction, unless work is accessible from their Chromebooks at home. Books and Chromebooks are checked out through the library and are replaced on a regular basis to ensure they are in good repair. If books are lost or stolen, they are replaced immediately so that instruction is not interrupted.

School Facility Conditions and Planned Improvements

McFarland Junior High School was built in 1998. It consists of a total of 30 classrooms. There is a multi-purpose room, a library, a band room, a chorus room, a physical education building with an attached fitness center, wood shop room, a home economics room, two robotics labs and one fab lab room. The school is in excellent condition and passed the Williams Act review with no repairs needed. Four custodial staff keep the grounds and buildings neat clean and in good working order.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

McFarland Junior High School recognizes the importance of parental involvement in the education of junior high school students. Parents are always welcome to involve themselves in a variety of ways that add to the well-being of McFarland Junior High School students. For this reason, many opportunities for parental input into the operation of the school and for support of the educational program exist at MJHS. Parents can have input into the educational programs at the school by becoming a member of our School Site Council, ELAC, or DELAC committees. In addition, parents have the opportunity to sign up to the Parenting Partners workshops. Parents are also encouraged to visit and volunteer at the school on a regular, or as on needed basis. Parent conferences are held twice a year and all parents are invited to attend. Back to School Night, Winter and Spring Festivals are planned and coordinated with the help of teachers, students and parent volunteers. Parents are encouraged to attend Parenting Partners program meetings at McFarland Junior High School during second semester. These classes are designed to inform and prepare parents and students towards the need for a college education. To learn more about specific opportunities for getting involved, please contact Vaneza Renteria, Vice Principal, or our ELAC representative Ada Guzman at 661-792-3340.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The Principal and Learning Director and the McFarland Junior High School Safety Team continually review and update the School Safety Plan as needed throughout the school year. Team members periodically attend workshops conducted by the Kern County Superintendent of Schools to keep abreast of current trends and requirements for the School Safety Plan. The McFarland McFarland Junior High School staff is updated regularly regarding the latest changes in the plan and is provided with a condensed flip-chart of emergency procedures at the beginning of each year. The flip-chart is placed in the classroom for easy access to the teacher.

Students at MJHS are provided a planner to help keep assignments organized. This planner also contains, general school rules, our discipline policy, a campus map, names of administration and office staff, school operations plans, our school calendar and bell schedule, attendance policy, dress code, physical education information, health services information, wellness policy, non-discrimination policy, uniform complaint procedures, Williams's uniform complaint and our internet access policy. The school counselor also has group meetings at lunch time with students needing additional help with anger management, conflict resolution or bullying issues. Students are also offered opportunities to participate in a variety of sports at the Junior High School. Flag football, cross country, track and field, soccer, baseball, softball, basketball, and volleyball are offered. Students can also choose to participate in after school programs offered at the site.

Professional Development

Staff development is an ongoing process. Staff are continually provided training and assistance at the district and site level through the use of the Learning Director, and our English Learner Coordinator. The county office of education offers workshops and/or we send staff for workshops with outside academic experts and or consultants. The schedule allows for an average of 45 minutes each day for grade level teams to collaborate using Professional Learning Communities and Data Teams to monitor student progress and modify curriculum to fit the needs of each student.

Our site has scheduled an early release schedule on every Wednesday with up to 1.5 hours of Professional development as needed and scheduled by the site administration.

Reading and Writing across all disciplines is the focus this year and training NextGen Math, Language Live, Read 180 and English 3D Programs and is being conducted throughout the year by all staff. English and Mathematics Common Core planning time and pacing for full implementation of the new Common Core standards. Units and lessons delivered to students this year are collaborated by the grade level teams. Staff sent to training outside of the district will return and conduct workshops for other staff.

The site will place a high emphasis on ELD Strategies and the 21st century skill building strategies in all core and non-core classrooms along with effective strategies that focus on student engagement and student collaboration.

Besides the 45 minutes each day set aside for collaboration, we will also provide common preps throughout the school year. In addition, teachers get 68 minutes of additional prep time every Friday.

All new and probationary teachers will work on completing their required Teacher Induction Program (TIP) training program. Our new teachers are assisted and mentored by our district TIP support providers. They are veteran teachers who will guiding our new teachers during their first two years in the teaching profession. Furthermore, Grade Level Chairs (two per grade level) provide support to all staff within their grade level.
