2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Vision Statement: McFarland Independent School's vision is to encourage, guide, and support each student to rise to their highest potential in 21st Century skills so that they may be effective communicators, innovators, and participants in the global economy.

Mission Statement: McFarland Independent School's mission is to ensure each student graduates with a high school diploma and is ready to enter college and/or a career technical school.

McFarland Independent School (MIS) is part of the McFarland Unified School District (MUSD), a K-12 district that serves an enrollment of approximately 3,600 students. McFarland Independent School is a small alternative independent-study school where students meet with a certificated teacher weekly. Attendance is based on completed assigned work. Earned credits are determined by assignments completed and unit assessments given by the teacher. MIS is located in the small, rural and predominantly agricultural community of McFarland, population approximately 15,182 according to the estimated 2018 U.S. Census Bureau data. McFarland is located in the southern part of the San Joaquin Valley, thirty miles north of Bakersfield,

2023-24 School Description and Mission Statement

adjacent to State Highway 99. The main industry of the area is agriculture. Despite the agricultural basis for most employment, the mobility rate remains low which creates a relatively stable community. Our role at MIS is three-fold:

1. To prepare students academically, emotionally, and behaviorally to return to classes at the continuation or traditional high school with daily instruction or to stay on track to meet the requirement for earning a high school diploma
2. To promote articulation of curriculum and teaching of “same skills courses” that match those at McFarland High School
3. To assist and provide students with the opportunity to attain sufficient credits and appropriate instruction to enable them to earn a high school diploma during a time when daily school attendance is not feasible.

There are a variety of reasons for a student to voluntarily choose MIS which may include: personal hardships, pregnancy/parenting, special needs for work scheduling, and as a positive alternative to the larger high school setting for high-risk students. The goal of each MIS student is to earn enough credits to transfer, back on track for graduation, to a continuation or traditional high school or to acquire a high school diploma. The student population is generally considered “transitional”, usually short term and limited to one or two semesters. This enables the student to either make-up missing credits in order to graduate with his/her original class, overcome personal crisis, finish up a work season, or to obtain one-on-one assistance. However it should be noted that a considerable number of students have graduated from this school. MIS is a Dashboard Alternative School Status (DASS) school designed for at-risk/at-promise students. The curriculum of MIS mirrors that of the comprehensive high school in that we follow the same course outlines in order to meet state standards across the curriculum. We routinely confer with McFarland High School and San Joaquin counselors and staff to be sure we are providing for the needs of our students to enable them to return to daily courses or to meet graduation course requirements. We consider the attainment of proficiency level in the basic skills enhanced by technological fluency to be beneficial to successful employment as well as further education and training. MIS staff members are well-versed in technology and are striving to integrate its use throughout the curriculum in all our courses. District continuing support of technology and several grants have provided 1:1 personal Chrome Books to assist our students in the mastery of skills, research, and the streamlining of their work processes. Each student is also provided wifi, if needed, to access web-based computer instruction available to them outside of regularly scheduled school hours.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

McFarland Unified Schools District has adopted a seven year cycle for curriculum framework and standards development for the adoption of instructional materials and texts. The courses of study, frameworks, standards, and curriculum are in alignment with that of the district's comprehensive high school. McFarland Independent School meets Williams Act compliance.

School Facility Conditions and Planned Improvements

McFarland Independent School is located in the McFarland Learning Center. This facility is also home to San Joaquin High School (continuation school) and to the McFarland Adult Education Program. Facilities are maintained in a manner that assures safety, cleanliness, and functionality. To assist in this effort, the MUSD Maintenance and Operations Safety Department conducts annual inspections as determined pursuant to a Facility Inspection Tool (FIT) developed and approved by the State of California, Office of Public School Construction (OPSC). The FIT evaluates a school facilities' good repair status with ratings of "good", "fair", or "poor". The results of this survey are available at the school office or at the MUSD maintenance department. In addition to the Williams Lawsuit settlement inspection, the site is inspected annually by the Kern County Fire Department. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. A pest/vermin reporting system is in place and issues are addressed as needed. McFarland Independent School consists of 4 buildings. Built in 1987, the main permanent building houses 6 classrooms, 3 offices, two sets of restrooms and miscellaneous storage areas. Two adjacent portable classrooms and an additional prefab 2-room classroom with restroom facilities was added in 2010. Students have access to two computer labs in the main building however they are encouraged to use their assigned Chrome Books when on campus. Internet access through Wifi is provided throughout the school. A small soccer field and public library are within the same city block. A custodian cleans classrooms and grounds daily. The buildings are secured and alarmed at the end of each day. An angle-iron security fence secures student areas during school and assists in securing entry to the site when school is not in session. Multiple security cameras are in place and a bell system provides additional schoolwide communication. MUSD District maintenance personnel are always available to respond quickly and remedy the problem related to the facilities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Students are provided with Career Technical Education Information through field trips and career counseling. Opportunities to participate in and to complete CTE programs are provided at the local traditional high school for students, McFarland High School. Enrollment through San Joaquin High School is typically short term while students are in a transition period. San Joaquin High School offers an OSHA 10-Hour General Industry (CareerSafe), 10-Hour Certifications in Blood-borne Pathogens, Electrical, Introduction to Ergonomics, Exit Routes, Emergency Action Plans, Fire Prevention Plans, and Fire Protection, Fall Protection, Hazard Communications, Hazardous Materials, Introduction to Industrial Hygiene, Machine Guarding, Personal Protective Equipment, and Safe and Health Programs.

Development of a site CTE program by the district is ongoing.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

McFarland Independent School strives to create an environment of increased parental involvement. Our administrative team and the entire faculty and staff actively practice an "open door" policy, believing that the school's parents and community members are an integral part of our success. In addition, parents are encouraged to be a part of the team monitoring student achievement. Through the parent portal of the McFarland Unified School District's student information system, Aeries, a parent can monitor his/her student's academic achievement, attendance, and behavior, as documented daily at the school. Academic progress can be monitored through Edgenuity and parents are notified of school information through the ParentSquare app. A marquee also informs parents of ongoing opportunities for involvement. Parents are given information regarding ELAC and encouraged to participate in the District 9-12 grade ELAC group. At least one member of ELAC is elected to serve at the district level, DELAC. Other opportunities for parental involvement include LCAP School Site Council, Back-To-School Night, Parent/Teacher Conferences, Career Day, field trip parent supervisors, and school/community events to mark significant milestones such as community holiday festivities (representing the school in parades or through community service events) and graduation ceremonies. Parents are also encouraged to enroll in adult education courses and workshops such as Parent Project held during the evenings at the site.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

2023-24 School Safety Plan

McFarland Independent School and the McFarland Unified School District have comprehensive emergency and safety plans in place using guidance outlined by California Education Code Sections 32280-32289. The district meets regularly with site administrators to coordinate school and district procedures and policies so that efforts remain viable and constant. A site and district representative attends annual training at the county level in order to stay apprised of updates from the county, state or national level. San Joaquin's Safe School Plan contains policies and procedures to handle school site emergencies. The school uses the SIMS/NIMS (State and National Incident Management System) protocols. Various roles with specific assigned responsibilities for dealing with various types of emergencies are outlined in the plan. The roles include incident commander, public information officer, scribe, logistics officer, planning and intelligence officer, and safety officer. The plan also contains policies regarding student discipline, child abuse, and crisis/emergency response. Staff reviews and updates the School Safety Plan at a minimum of two times per calendar year. The safety plan was last updated and board approved February 8, 2022. The 2023-2024 safety plan was reviewed, discussed and updates recommended for 2023-2024 by the School Site Council designated safety committee in February 1, 2023, November 9, 2023 and November 13th, 2023. It is pending board approval. An updated phone tree of all staff members has been revised and distributed. It serves as a portion of the School Safety Plan. Administration conducts safety drills throughout the year so that staff and students are aware of safety protocols and procedures.

Fiscal Year 2022-23 Types of Services Funded

Special Education Services - Special education services, guided by Individualized Educational Plans, are provided to Special Education students through a credentialed Resource Teacher. The specially designed instruction is provided at no cost to parents to meet the unique needs of students with disabilities. In addition to core subject assistance, plans are created to assist students with transition from high school to employment and quality adult life.

English Language Development - English learners are enrolled in an ELD class designed to assist students in overcoming language barriers. In addition, all teachers have been trained in ELPD strategies constructed to ensure that English learners can access core curriculum and that English learners are able to participate meaningfully and equally in all educational programs/services. For 2019-2020, MIS plans to transition to Rosetta Stone for daily independent study ELD instruction.

Health and Mental Health Services - A district nurse, a district nurse, a district-based school psychologist, and a district-based social worker are available to provide services when needed. The district is contracted with a provider to hold 8-week group substance abuse counseling sessions throughout the year. Services are also provided to foster youth, homeless, migrant, low-socioeconomically disadvantages and those who meet qualifying Dashboard Alternative School Status criteria.

Professional Development

McFarland Unified School District offers many varied staff development opportunities throughout the year. Professional development is enhance through dialog and collaboration with other continuation/alternative education professionals. Local and county staff development topics have included Common Core State Standards, English Language Development, Safety, WASC Goals and Action Plans, Digital and Technology Training and other related areas. Teachers are supported through in-class coaching, teacher-principal meetings, and weekly teacher staff meetings to review student performance data reporting. All staff members alternate in attending various independent studies-specific workshops and the California Consortium for Independent Studies conference. Teachers also receive a one-day district-led Supporting Common Core Instructional Strategies and Student Behavior workshop.
